

# POWER PACKED LAMPS FOR BRIGHTER HOMES.

Presenting Sun King™ Home 120, the brightest solar lamps with mobile charging facility.

Sun King™ Home 120 is a power package of 3 solar lamps. These lamps run on Lithium Ferro-Phosphate battery that lasts as long as five years. On 1 day's charge, each lamp is capable of yielding up to 200 lumens of light for 24 hours, bright enough to light-up the entire room and charge your mobile phone simultaneously. With smart features like 'power control' and its rugged appearance, the Sun King™ Home 120 tops the list of the most preferred solar light products for a billion under-electrified consumers.

### 3 Light Modes

		<b>TURBO MODE (3 clicks)</b> 200 Lumens, 5 Hours
		<b>NORMAL MODE (2 clicks)</b> 100 Lumens, 10 Hours
		<b>LOW POWER MODE (1 click)</b> 40 Lumens, 24 Hours

#### PHONE CHARGER

Equipped with high energy storage capacity and one USB charging port

#### BATTERY METER

When the lamp is on, LED battery meter displays battery power remaining

#### CHARGING METER

LED charging meter displays charging power from 1 to 5 to help place the solar panel properly

#### DAY & NIGHT CHARGING

Day or night charging works with nearly all phones; 3 most common adaptors included

### Technical Specifications

<b>LEDs</b>	Power LEDs with 600 lumens total flux (200 lumens per lamp) Minimum efficacy : 150 lumen per watt
<b>Battery</b>	12000 mAh, 3.3 volt lithium ferro-phosphate battery
<b>Solar Panel</b>	12 watt, 5.8 volt polycrystalline solar panel with aluminum frame and a 6 metre wire
<b>Enclosure</b>	Rugged ABS and polycarbonate plastic
<b>Battery Indicator</b>	Digital LED meter to display the remaining battery power
<b>Solar Charge Indicator</b>	Digital LED meter to display charge effectiveness on a scale of 1 to 5, to help optimise solar panel placement
<b>Power Control</b>	Battery management technology automatically switches the lamps to low-power mode when battery is running dry, yielding additional hours of light

### Happy users, around the world

Present in 40 countries across 3 continents, the Sun King™ family of products addresses the immediate quality-of-life needs of under-electrified homes at a global level. High production quality and attention to durability ensures that the customers can enjoy reliable performance for years to come. Around the world, 15 million Sun King™ users live happier, healthier and more productive lives.
